Commercial Exterior Projects

Greenspring at Mount Snow West Dover, Vermont

We repainted 7 buildings each year at this private HOA, eventually completing all 46 buildings on the property including the clubhouse. Each building was sanded, pressure-washed, and caulked prior to painting, and the decks and walkways were stripped prior to staining. A lift was used to expedite the process and each building was evaluated upon completion by the property manager to ensure maximum quality.

Commercial Exterior Projects

Kingswood at Mount Snow Mount Snow, Vermont

We painted 6-7 buildings each year at this private HOA, which was under the same ownership as Greenspring. We eventually repainted all 50 buildings on the property including the clubhouse. We sanded, pressure-washed, and caulked each building prior to staining the decks and repainting. Each building was evaluated upon completion by the property manager to ensure maximum quality.

Commercial Exterior Projects

The White House Inn Wilmington, Vermont

The White House Inn was purchased by The Hermitage Club, who hired us to repaint the exterior (and interior dining areas) for their affluent clientele. We removed the shutters, sanded and pressure washed the exterior before spraying the body and trim with solid stain.

Commercial Interior Projects

Greenspring at Mount Snow West Dover, Vermont

In addition to repainting the exterior and decks of all 46 buildings at this private HOA, we also refinished the interior of the clubhouse. We repaired, sanded, and painted all surfaces of the main room, gym, and locker rooms. We also sanded and applied two coats of polyurethane to the ceiling and walls of the pool area.

Commercial Interior Projects

The White House Inn Wilmington, Vermont

The White House Inn was purchased by The Hermitage Club, who hired us to transform the interior dining areas (and the entire exterior) for their affluent clientele. Major sheetrock repairs and extensive sanding helped to restore a clean, modern look to these beautiful dining areas.

New Construction Interior Projects

Snow Vidda West Dover, Vermont

Construction of this private community began in 2006, all dwellings are 3 stories. The ceilings are a combination of natural wood in the living room and sheetrock in all other rooms. Homeowners had the option of custom colors, which many opted for.

New Construction Interior Projects

Kingswood at Mount Snow West Dover, Vermont

Kingswood added 12 new units to its private community and tapped us to perform all of the painting for their new 2- and 3-floor townhomes.

New Construction Interior Projects

The Outlook at Mount Snow West Dover, Vermont

This new condo community in the Mount Snow village was constructed in 2005. We painted the exterior of all 5 buildings and the interior of all 14 units. All condos were 3-floors and a lift was used to expedite the process.

Boulder Ridge West Dover, Vermont

Construction on this private community across from Mount Snow ski resort began in 2008. We painted the exterior of all 5 buildings and the interior of all 10 units. All units were 3-floors and a lift was used.

Deck Staining Projects

A few of the residential decks we've stained over the years. All of these decks were sanded using orbital sanders and pressure washed to clean and remove mold prior to staining.
